Team Original IP & Intellectual Contribution

These core strategic frameworks are original conceptual architectures created by our team and should be defended confidently as proprietary IP:

- **The WealthOS Paradigm:** Shifting from transactional product sales to a household-centric operating system.
- **The Household Wealth Twin:** Digital mapping of multi-generational balance sheets and lifecycle milestones.
- **The 3-Person Advisory Pod Model:** Reorganizing branch coverage teams (Lead RM, Portfolio Architect, Credit Specialist).
- **The AI Advisory Factory:** Continuous background scanning agents compressing administrative prep time by 95%.
- **SPARSH Advisory Control:** Suitability-by-design compliance filters embedded directly in the advisor workflow.
- **Feasibility v2 Financial Modeling:** Re-engineered NPV (■132.7 Cr) and IRR (21.4%) using the bottleneck capacity rule.
